What Do I Do As a DECA Judge?

For DECA Competition, students are given a set of Marketing Concepts they must incorporate into a marketing scenario. In each scenario, the student, as well as the judge, will be given a particular role to play. The judge and the student will then role-play the situation for about 10 minutes. After the student leaves, the judge completes an evaluation form customized to that student's event.

For Mock (practice) competition (Nov. 8&9) you play the role of a judge for a role play, but you also coach the student on what to focus on to improve their performance for Area Competition.

For Area competition (Jan. 20) you play the role of the judge and then evaluate the student using an evaluation form.

All volunteers are oriented to how to coach/judge students and provided support materials.
